Ring Size Guide

Choosing the right size ring

The "ring finger" is situated between the little finger and the middle finger. Engagement and wedding rings are usually worn on the ring finger of the left hand.

There are three ways to determine which ring size will fit your finger.

Whichever method you choose, there are a few basic guidelines to ensure an accurate measure:

- Fingers become smaller in colder temperatures, so never measure cold fingers
- Measure fingers at the end of the day, when they are largest
- Make sure you measure the largest part of the finger
